#### Key Findings

- From FY 1999 FY 2009, the City of Vista's General Fund (GF) inflows (revenue plus transfers in) increased at an average annual rate of 5.21%, while General Fund outflows (expenditures plus transfers out) increased at an average annual rate of 10.58%. However, every year from FY 1999 FY 2008 the City's GF inflows exceeded GF outflows. In 2009, the City had a planned deficit related to capital outlay expenditures approved through Prop L, the City's 1/2-cent sales tax increase (2006).
- The City's most significant source of governmental tax revenue is property taxes (60.24% of total governmental revenue in FY 2009).
- The single largest expenditure for the City is public safety, accounting for 46.56% of governmental expenditures in FY 2009.

- Between FY 1999 and FY 2009, the City's population increased by 13.90%, while the number of fulltime staff members has increased by 18.03%.
- When adjusting for inflation, the City's total pension costs have increased 252.71% between FY 1999 and FY 2009.
- As of FY 2009, the City had governmental long-term debt per capita of \$2,026.28.
- Of cities reviewed, Vista pays the highest salary for Assistant Planners and comparatively lower for Firefighter/Paramedics and Executive Assistants.

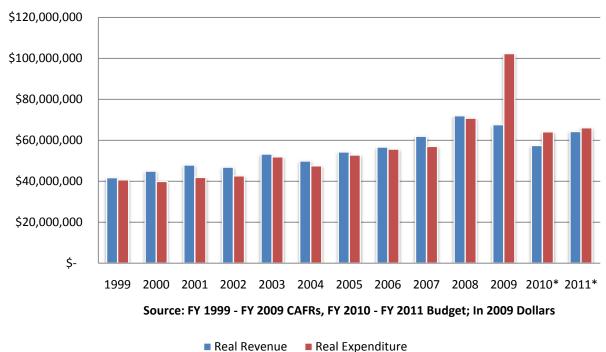

#### General Fund

(data found in Appendix A)

The following graph outlines General Fund inflows (revenue plus transfers in) and outflows (expenditures plus transfers out) within the City of Vista for the last 12 years. Between Fiscal Year (FY) 1999 and FY 2009, total General Fund inflows averaged an annual increase of 5.21%, while total General Fund outflows experienced average annual increases of 10.58% during the same period. FY 2008 showed the strongest growth in inflows (16.16%) over the 12-year period, while FY 2003 showed the largest growth in outflows (44.58%).3 The City's largest inflow decline occurred in FY 2004 with a 6.36% decrease in General Fund inflows. In response, outflows were reduced in FY 2004 by 8.46%.

The City of Vista has a minimum reserve policy of 10% of the City's prior year General Fund expenditures. Over the period 1999-2009, the City of Vista never fell below its minimum reserve target. At the end of FY 2009, the City had \$4.27 million in undesignated General Fund reserves, and \$6.19 million in reserves designated for revenue shortfall. Together these amount to \$10.40 million in "usable" reserves. The City has policies that designate several of the City's other General Fund reserves (for debt service, ongoing appropriations, etc.). Total reserves, including those designated for other purposes amounted to \$75.8 million at the end of FY 2009.

The largest source of governmental tax revenue for the City of Vista is property tax. In FY 2009, property tax revenue accounted for 60.24% of the City's total governmental tax revenue. This portion is significantly higher than in 2002, when property tax revenue accounted for only 45.76% of total government tax revenue. Motor vehicle license tax is the City's third largest source of tax revenue, representing approximately 9% of total governmental tax revenue collected during the period FY 2002 – FY 2009. Total tax revenue for the City of Vista has grown an average of 5.63% per year between FY 2002 and FY 2009.

The following graph depicts tax revenue changes from year to year. Due primarily to State allocation changes, motor vehicle license tax revenues have been, by far, the City's most volatile source of tax revenue, and for this reason skew the presentation of the following graph; therefore this source of revenue has been omitted.

#### Governmental Expenditure Detail

(data found in Appendix C)

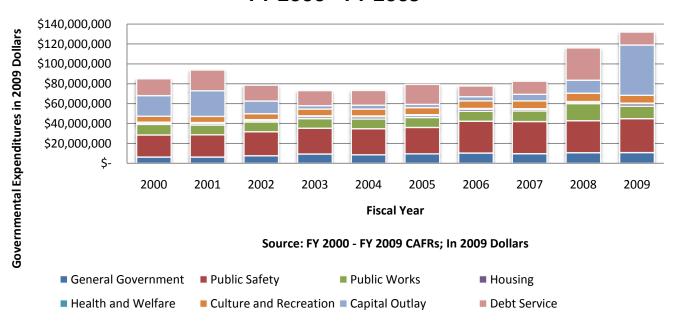

The City of Vista's governmental expenditures can be classified into the following eight groups: public safety, public works, general government, culture and recreation, health and welfare, housing, capital outlay and debt service.

Governmental Expenditures by Category; in 2009 dollars

	Expenditure	Overall Change	Percent of To Expenditure	tal	
	FY 1999	FY 2009		FY 1999	FY 2009
Public Safety	\$22,158,029	\$34,102,285	53.90%	26.10%	25.85%
Public Works	\$10,521,607	\$12,550,972	19.29%	12.39%	9.51%
General Government	\$6,361,638	\$10,841,823	70.43%	7.49%	8.22%
Culture and Recreation	\$5,891,888	\$7,961,732	35.13%	6.94%	6.04%
Health and Welfare	\$1,068,522	\$714,767	-33.11%	1.26%	0.54%
Housing	\$1,308,082	\$2,282,707	74.51%	1.54%	1.73%
Debt Service	\$16,783,130	\$13,020,148	-22.42%	19.77%	9.87%
Capital Outlay	\$20,812,954	\$50,438,867	142.34%	24.51%	38.24%

Growth in City expenditures on capital outlay, general government, and housing has considerably outpaced growth in other expenditure categories. Expenditures on public works, health and welfare, and culture and recreation grew slower than other categories, and therefore comprise a smaller portion of the City's budget in FY 2009 than in FY 1999.

#### Staffing Levels

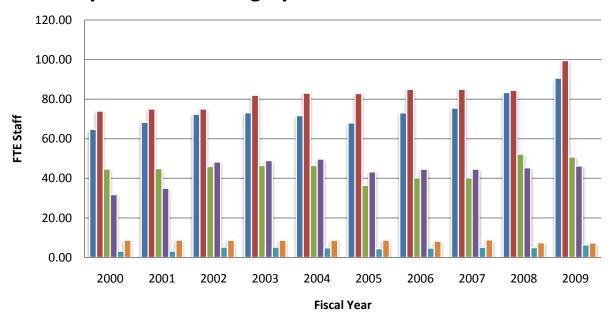

(data found in Appendix D)

Between FY 2000 and FY 2009, the City increased its full-time equivalents (FTEs) by 82.91. These gains in employees can be seen as follows:

- +25.80 full time equivalents (FTEs) in General Government
- +6.00 FTEs in Public Works
- +3.00 FTEs in Housing

- +25.50 FTEs in Public Safety
- +14.50 FTEs in Culture and Recreation
- -1.35 FTEs in Health and Welfare

While staffing has increased 18.03% between FY 1999 and FY 2009, population increased by only 13.90%. The City contracts with the County for law enforcement; however this is not reflected in the total number of full-time staff reported by the City.

The City contributes to the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit pension plan. PERS provides retirement and personal disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California.

Vista active plan members are "required" by State statute to contribute 8% for miscellaneous and 9% for safety employees of their annual covered salary. The City of Vista has all employees paying 8% of their salary toward their pensions. This means that the City picks up none of the nonsafety employees' pension costs and 1% of the safety employees' pension costs. This is known as employer-paid member contributions, or EPMC.

The City also reports the value of EPMC as additional compensation to CalPERS for its fire employees. This additional contribution allows employees to earn an addition 1% in retirement benefits.

Miscellaneous Employee	Example	Fire Employee Example		
Single Highest Year Salary	\$85,000	Single Highest Year Salary	\$100,000

2009	\$4,432,199	\$68,684	\$-	\$4,500,883	4.40%

When adjusting for inflation, the City's total pension costs have increased 252.71% between FY 1999 and FY 2009.

Payment toward pensions will continue to consume greater portions of the City's General Fund. This past fiscal year, CalPERS lost nearly 1/3 of its portfolio. These losses, in return, get pushed back onto cities in the coming years through higher rates.

For a more comprehensive look at public pensions in the region, please review SDCTA's Phase I updated report issued in September of 2010.

SDCTA recognizes that while pension costs consume increasing portions of a City's General Fund, total compensation needs to be taken into account as well. SDCTA has reviewed three "typical" positions in city government: firefighter/paramedics, executive assistants, and assistant planners and each of their corresponding monthly salaries.

City	Position	Monthly Salary	Position	Monthly Salary	Position	Monthly Salary
Carlsbad	Firefighter/ Paramedic	\$6,415	Executive Assistant	\$6,050	Assistant Planner	\$5,504

#### Other Long-Term Obligations (governmental only)

(please see SDCTA 101 on governmental long-term liabilities, available at www.sdcta.org)

In FY 2009, the City of Vista's governmental long-term debt amounts to \$197.58 million or \$2,026.28 per capita.<sup>4</sup> On November 30, 2007 the City issued Certificates of Participation (COP) totaling \$116.48 million primarily to fund the construction of a new Civic Center and other public facilities. These COPs represent 58.56% of the City's total outstanding governmental long-term debt.

The following is a summary of governmental activities long-term debt for the year ended June 30, 2009:
